

Discovery Education Student Center

Provide Students Access to a World of Discovery

Make time in the library, at study hall, and at home as educationally relevant as class time by allowing students to explore great video, complete assignments, and accomplish class projects.

Designed to make the rich world of Discovery Education accessible to students, Student Center supports independent and self-directed learning as well as encourages student ownership of projects.

Educators Enhance "Time-On-Task"

- Maximize computer lab time
- Receive timely feedback from student quizzes and assignments
- Support individual learning styles with rich explorations
- Block access to content based on your preferences
- Encourage writing with assigned Writing Prompts

Students Extend Learning

- Access editable clips for use in class projects
- Explore concept-level clips at home to reinforce classroom learning
- Bookmark resources for all subjects in My Content

Student Center is included with your subscription to
Discovery Education *streaming* and Discovery Education Science
