

Discovery Education's customized curriculum services support educators in transitioning to the Common Core and using digital content to enhance instruction.

Discovery Education's Curriculum Alignment Services include:

- » Embedding and aligning digital content into district pacing guides, scope and sequence documents, and instructional guides
- » Providing curricular exemplars designed to build the capacity of educators to meet the rigorous expectations of district and Common Core State Standards (CCSS)
 - Developing instructional resources that model effective use of multimodal texts to support the literacy knowledge and skills outlined in the CCSS
- » Developing tasks and authentic assessments to inform instruction

Discovery Education Curriculum Alignment is led by a team of experts.

Discovery Education's curriculum team possesses extensive K-12 experience and expertise in the field of education. Building on more than 200 years of combined expertise, Discovery Education's curriculum team is uniquely positioned to offer schools and districts a combination of deep industry knowledge and expert perspectives on facilitating effective learning experiences through the use of digital content.

Below is a sample alignment of Discovery Education's digital content to a district's standards. This curriculum alignment is embedded within the Discovery Education Streaming service to offer teachers quick and easy access to relevant, quality content.

The screenshot shows the Discovery Education Curriculum Alignment interface. At the top, there is a navigation bar with the Discovery Education logo, a search bar, and links for 'My Admin', 'Help', and 'Logout'. Below this is a secondary navigation bar with 'My DE Services' and several menu items: 'My Content', 'Builder Tools', 'Classroom Manager', 'Teacher Center', and 'Professional Development'. The main content area is titled 'Curriculum Alignment' and features a filter section where 'Grade' is set to 'Grade 5' and 'Subject' is set to 'Language Arts'. A 'GO' button is next to the subject filter. Below the filter, the page displays 'Grade 5 | Language Arts' with 'Expand all' and 'Collapse all' buttons. The primary focus is on 'Competency Goal 1: The learner will apply enabling strategies and skills to read and write.' This goal is broken down into three numbered items: 1.01, 1.02, and 1.03. Item 1.03 includes a bulleted list of strategies. Below the list, there are four rows of instructional resources, each with an icon and a list of links: 'Video' (film strip icon), 'eBook' (e-reader icon), 'Skill Builder' (wrench and screwdriver icon), and 'Instructional Game' (block letters icon).
