

# Enrich your Classroom with New Content

Access constantly updated digital resources through Discovery Education *streaming* Canada. With new content from acclaimed Canadian educational distributor McNabb Connolly, these titles will enhance any grade 6-12 curriculum.

## New Series with Hundreds of Clips Include:

### History Lands

Travel across the country and bring to life both the prehistoric and recorded history of Canada's most famous landmarks. From the Plains of Abraham in Quebec, to Old Town Lunenburg in Nova

Scotia, History Lands documents 65 of Canada's most compelling National Historic Sites.

### Great Canadian Rivers

Great Canadian Rivers takes students on a journey to Canada's greatest rivers; exploring their connection to Canadian culture, history, and identity.

### Canada: A Magnificent Journey

This series explores Canada from a historical perspective, revels in the beauty of Canada and examines some of the great architectural achievements that

have framed Canadian history.

### From Field to Studio: The Art of Paul Kane

Through this documentary, explore the compelling story of Paul Kane, an artist who traveled along the Hudson's Bay Company fur trading route in the mid 1800's.

### Great Canadian Lakes

Canadian history is rich with tales of exploration; migration; settlement; industry; commerce, and

recreation. Take your students across the country and through time to six of Canada's greatest bodies of water.
