

# Introducing the New Discovery Education Streaming Plus

Discovery Education Streaming Plus just got better! It still includes all the instructional resources you love in Discovery Education Streaming Plus, as well as a custom-built solution for educators as they transition to the Common Core State Standards (CCSS).

The screenshot displays the Discovery Education Streaming Plus web interface. At the top, there is a search bar with the text 'Life' and a 'SEARCH' button. To the right, there are links for 'My DE', 'SSJones', and 'logout'. Below the search bar is a navigation menu with 'STREAMING PLUS' and a dropdown arrow, followed by links for 'Home', 'My Content', 'Builder Tools', 'Classroom Manager', 'Teacher Center', and 'Professional Development'. The main content area features two tabs: 'COMMON CORE IN THE CLASSROOM' (active) and 'CURRICULUM LIBRARY'. Below the tabs is a section titled 'Instructional Resources Supporting the Common Core' with a descriptive paragraph and three buttons: 'Plan', 'Engage', and 'Assess'. Below this is a navigation bar for 'ENGLISH/LANGUAGE ARTS' and 'MATH', with a sub-bar for grade levels from 'K' to '11-12'. The 'ENGLISH/LANGUAGE ARTS' section is expanded to show 'Select a Strand' with options for 'Reading: Literature' and 'Reading: Informational Text', and 'Select a Standard Cluster' and 'Select a Standard' sections.

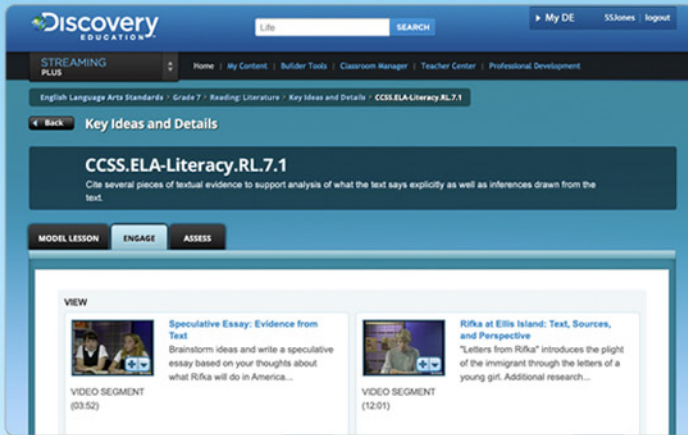

\*Final product subject to change

**The new Discovery Education Streaming Plus** offers an integrated, digital solution for transitioning to the CCSS that supports the three fundamental components of educational practice – curriculum, instruction, and assessment.

With digital content, model lessons, and assessments designed to address specific Mathematics and English Language Arts standards, Discovery Education Streaming Plus provides actionable, practical applications that help educators meet the demands of the CCSS, while simultaneously building student motivation to learn.

# A Sample Progression Through One CCSS Standard

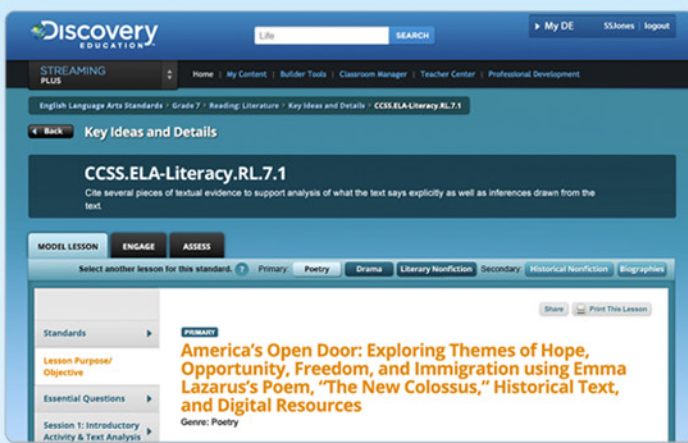

## CCSS.ELA-Literacy.RL.7.1

### Curriculum (Engage)

Help students develop the critical skills necessary for effective implementation of the CCSS.

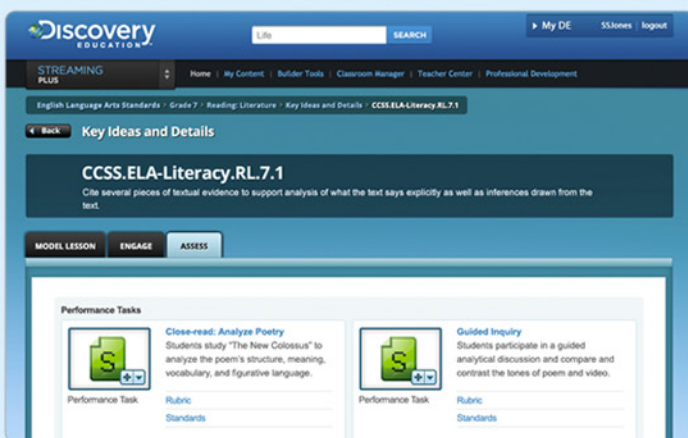

- » Digital content handpicked by curriculum experts supports the rigor of the CCSS, while engaging students and inspiring them to achieve.

### Instruction (Model Lesson)

Support educators as they shift instructional practice to meet the demands of the CCSS.

- » Model lessons provide examples of how to integrate CCSS into the classroom and build educators' capacity to meet the demanding expectations of the CCSS.

### Assessment (Assess)

Measure student performance and empower educators to make effective instructional decisions based on student mastery of specific standards.

- » Standards based performance tasks and selected response items measure the higher-order thinking skills and increased depth of knowledge supported by CCSS.
- » Content recommendations address personalized needs and offer individualized instruction.

Help ease the transition to the CCSS while engaging and inspiring students.
